

LPx | ASIA

24-25 February 2025
Four Seasons Hotel
Singapore

The Event

LPx | Asia 2025 unites Asia's elite institutional investors and family offices encouraging mutual learning, collaboration, and innovation, while a curated set of global GPs showcase unique investment opportunities and perspectives.

Overview

The LPx Asia Summit is an essential business event for institutional investors and elite family office representatives looking to stay ahead in the dynamic realm of private markets investing.

Over two days, delegates have the opportunity to:

- Forge valuable connections with like-minded family offices and institutional LP's, fostering learning and collaboration.
- Gain insights from your peers navigating the intricacies of investments, and the nuances of regional collaboration.
- Engage with global GP's, to explore unique investment opportunities and strategies.

The Summit is hosted by Connect Group, a world-leading business events organizer renowned for its specialized focus on family office gatherings. Connect Group ensures a fusion of global perspectives and regional expertise at each of our events.

High-level

The Summit boasts an elite audience comprising of top-tier investment leaders from institutional asset owners and family offices from across Asia-Pacific.

Exclusive

A minimum 70% of the delegation consists of LP's, and a maximum 30% of GP's, ensuring a highly exclusive, LP-led dialogue, and an environment that promotes effective relationship-building between participants.

09:00 - 09:10

Chairman Opening Remarks

09:10 - 09:50 | Panel Discussion

The Interplay of Macroeconomics and Geopolitics for Global Investors

What impact is the current geopolitical and economic environment having on private market investors? Why is this cycle different from prior high-inflation periods, and what does it mean for asset owners? Which strategies under the private markets umbrella look well positioned to provide an effective hedge against long-term inflation? How will China's economic slowdown potentially impact the broader Asian region.

09:50 - 10:30 | Panel Discussion

Private Equity: Opportunity Meets Risk

Understanding the ripple effects of geopolitical tensions on PE investments across the globe. Contrasting PE approaches between Asia and global benchmarks. Strategies, structures, and sectoral preferences. Navigating regulatory risks in China and their cascading impact on the broader Asian PE market. The growing prominence of the secondary market in PE: Dynamics, opportunities, and portfolio considerations. The importance of fostering LP-GP relationships to unlock elusive, high-value deal opportunities.
